Green Birthday Party

Amersham Field Centre is an **EcoCentre**. This means that we try to reduce the impact we have on the environment.

Green-up your birthday and receive a **10% discount** on the cost of your party!

We ask you to do **3** of the following things to receive a discount:

1. Car sharing. If children live close together, can you collect several or arrange for them to share lifts to reduce the amount of car journeys and petrol used?

2. Reduce the waste from your birthday lunch or tea. You could buy large packs of sweets, crisps and biscuits rather than small individual ones. Make cakes and sandwiches rather than buying them in packets.

3. Bring re-usable beakers and plates rather than disposable plastic cups, drinks cartons and paper plates to throw away.

4. Instead of party bags with disposable plastic toys, why not give a longer-lasting gift or use one of our party bags containing recycled stationery.

5. Use Tupperware boxes to transport food rather than disposable plastic bags or cling-film.

We also ask you to recycle your waste after the party. In Bucks we only recycle 11% of our waste. We have recycling bins for paper, foil, plastic bottles, compost and tin cans. The rest of our rubbish goes to a landfill site.

Please help us minimise our energy use by closing doors and switching off lights in the centre.

If you think of other ideas please let us know!
