

Key Stage 4 WJEC A Geography

Local Fieldwork Investigation: Producing the Student Portfolio for Controlled Assessment, 3days

Students will research and undertake fieldwork in an appropriate environment in order to prepare their portfolio to take forward to the high control 'write up' phase of their controlled assessment. The fieldwork will be based on the pre-released titles from WJEC A and covers Unit 3 Geographical Enquiry Fieldwork. This short course will cover all aspects of the preparation, research, planning, processing and presentation necessary for the creation of a portfolio to take back to school or college.

Quality Badge awarded by

External Recognition of Quality

All our centres have been awarded the Quality Badge by The Council for Learning Outside the Classroom. The badge is awarded to organisations that have demonstrated that they consistently deliver high quality teaching and learning experiences and manage risk effectively. This means that you will have to complete less paperwork when visiting our centres

COURSE CONTENT

CHOOSE ONE TOPIC FROM THE LIST BELOW TO PREPARE FOR THE CONTROLLED ASSESSMENT

Water: River Processes and Landforms

The focus of this day will change annually to ensure it meets the requirements of the controlled assessment and matches the title set each year by WJEC. Students will investigate a local river, studying how it changes and what landforms have been created. They will develop enquiry skills and collect primary data as an integral part of their investigation.

Our Changing Coastline

The focus of this day will change annually to ensure it meets the requirements of the controlled assessment and to match the title set each year by WJEC. Students develop enquiry skills and collect primary data by investigating a stretch of changing coastline, studying the landforms created by the sea and how coastlines can be managed.

Tourism

The focus of this day will change annually to ensure it meets the requirements of the controlled assessment and to match the title set each year by WJEC. Students will investigate a tourist honeypot to help understand the physical and human factors which have led to tourist development and the impacts of tourism in the area. Students will develop enquiry skills and collect primary data as an integral part of this study.

LEARNING OBJECTIVES/OUTCOMES

Controlled Assessment

Learning Objectives	Learning Outcomes
<ul style="list-style-type: none"> Gain case study knowledge of the environment investigated <p>Learning Objectives related to the Controlled Assessment:</p> <ul style="list-style-type: none"> Gain greater understanding of different approaches to primary data collection Consider how data can be presented Understand the different stages through a route to enquiry, including a pre-fieldwork phase, setting up the study, fieldwork, data presentation, analysis and evaluation 	<p>All students will:</p> <ul style="list-style-type: none"> Identify questions and issues which form the basis of the investigation Carry out fieldwork in the outdoor classroom, collecting data for the controlled assessment Describe different data collection techniques for the investigation Collect a variety of information, first hand, including quantitative and qualitative data Have access to relevant secondary data Complete their portfolio (unless they are identified as needing additional time) <p>Most students will:</p> <ul style="list-style-type: none"> Use secondary data in the pre-fieldwork phase to justify and contextualise the fieldwork Use GIS information to aid the enquiry process Present data in a variety of ways to aid the enquiry process Use OS maps and aerial photos to aid the investigation Identify limitations with the investigation and data collection methods Use field sketches/photos/maps <p>Some students will:</p> <ul style="list-style-type: none"> Identify relevant questions and issues and independently identify an appropriate route to enquiry. Use a variety of presentation techniques to help with analysis of data Use OS and digital maps and aerial photos to present data/information Consider ways of improving the investigation Consider anomalies in data collected and explain why they might have occurred

FSC CENTRES**TO BOOK THIS COURSE, SIMPLY:**

1. Choose the time of the year you would like to attend
2. Pick the centre/centres of interest
3. [Check availability online](#) or contact head office using the details at the bottom of the page or contact the centre of your choice

**Please note to book this course the minimum size of your group must be 12 students and 1 member of staff*
