Despite all that we have achieved so far, we hope to provide even more opportunities for people of all ages and abilities to discover, explore and understand the natural world. However, as an Investors in People charity, we realise we can't achieve this without staff that have a real passion for the work of the charity and a pride in their role within it. Every role in the charity is vital to delivering its mission and vision – if this inspires you and you meet the requirements of the post we would love to hear from you.

FSC's Pembrokeshire Centres

Since January 2012, the FSC's two Pembrokeshire Centres, Dale Fort and Orielton, have been working under a shared management structure. Staff from both centres have a range of opportunities to work at the other centre on various teaching and non-teaching related tasks.

FSC Dale Fort is a converted Victorian military fort set on a rocky promontory at the entrance to Milford Haven in the Pembrokeshire Coast National Park. It has unrivalled and spectacular views over the sea and is close to some of the most magnificent scenery in Wales. Located within the newly designated Special Area of Conservation the Centre has easy access to unsurpassed sites for investigating marine biology. It is ideally located to explore seashore, freshwater and inland habitats. Visits are easily made to the off shore islands of Skomer and Grassholm. Both are National Nature Reserves with spectacular seabird colonies.

The Centre has 130 beds, and each year we welcome over 3000 residential visitors, ranging from KS2 school children, through to GCSE, A level and University groups and individual adults and families who attend our leisure learning courses.

FSC Orielton was established in 1963 to provide high quality residential and day courses for learners of all ages. The main house is an elegant Georgian mansion set in 48 hectares of wooded grounds; we have 120 beds, and each year we welcome over 3000 residential visitors who stay for up to a week. In a separate building we also have 5 classrooms, library and ICT facilities. The Centre is located about 4 miles from Pembroke town on the edge of the Pembrokeshire Coast National Park.

The Centre runs a variety of hands-on courses for school students and undergraduates and some leisure and professional courses for adults and families, taking advantage of the excellent range of habitats nearby. The majority of our learners are studying geography, ecology or environmental studies and we have an experienced team of tutors who deliver courses to meet the requirements of learners.

If you would like to find out more information about these two FSC Centres please visit: www.field-studies-council.org and go to learning locations.
