

# FSC Bishops Wood

“Nurture in nature”

Located in Worcestershire set in 70 acres of ancient woodland, this centre is an eco building with plenty of outdoor spaces to explore.

## About the Centre

Bishops Wood has been an FSC Centre since 2016, and is located on a National Grid site. The centre is easily accessible, being 15 minutes from junction 6 of the M5. It enjoys a peaceful setting in acres of woodland, with indoor and outdoor classroom spaces to use.

The centre itself features a grass roof, solar panels, ground source heat pump and a range of other environmentally friendly initiatives.

## Food and Drink

- There are no catering facilities on site at Bishops Wood and visitors are usually asked to bring a packed lunch.
- If you require details of nearby places to eat or catering companies please contact us.

## Facilities

The centre has several classroom spaces with interactive whiteboards and wifi.

Habitats in walking distance include a pond and a range of woodland sites.

The grounds also feature timber and willow structures as well as outdoor spaces to relax.
