Design a badge for Margam Discovery Centre

Win a free 2-night school residential

To help us celebrate the Field Studies Council's 80th anniversary we are offering two Welsh primary schools an exciting opportunity to stay with us at the Discovery Centre in Margam Park for a two-night residential visit.

The successful competition winners will be invited to bring 36 students from their school for an action packed residential, full of environmental and outdoor activities, from 24th-26th October 2023.

To be in with a chance to win, all you need to do is design a celebration badge that illustrates all the great things we do at Margam Discovery Centre.

It needs to be a bright and bold design that will look good when made into a 75mm wide round pin badge.

If you need some inspiration then you can check out our website at <https://www.field-studies-council.org/>.
